

Flight Simulation Association

Logo and Brand Resources

Logo

Feel free to use our logo anywhere—in forum signatures, on social media posts, in Discord, or on your own websites or channels, if you're referencing Flight Simulation Association in a positive and constructive manner. When using the logo, please:

- Keep the proportions the same (don't "squish" or "stretch" it).
- Use the correct color scheme for the context (don't place a white logo on a white background).

The following logo designs are included:

- **Light**, for use on white backgrounds.
- **Dark**, for use on dark backgrounds.

Description

To help describe Flight Simulation Association, feel free to use the following text:

Flight Simulation Association (FSA) is an association of flight simulation pilots, virtual air traffic controllers, and developers and content creators. By joining, members get access to exclusive product discounts, webinars, guides, and the ability to search for and find nearby simmers. Learn more and subscribe at www.flightsimassociation.com!

Additional Brand Resources

If you are looking for more information, additional versions of logos, explicit permission to use the logo, or just want to get in touch, please [Contact Us](#). We are happy to provide specifically sized or cropped logo files upon request.

FlightSimExpo Media Kit

For FlightSimExpo brand resources, including logos and event images, download the [FSExpo Media Kit](#).
